it is reported that rocket bases and launching platforms are currently being constructed in the Sandzak region, between Serbia and Montenegro, near the towns of Prijepolje and Plevija. Soviet technicians are employed for this work (it is not known whether there are also German technicians), while labor is supplied by German POW's and Yugoslav workers and soldiers. These rockets are said to be simed at the island of Pantellaria to close the straits and Interrupt communications between East and West in the Mediterranean.
